

Welcome to our 2017 MENTORING PROGRAM

“What do Larry Page, Steve Jobs and yours truly have in common? We’ve all received guidance from mentors. No matter whom you are, where you’ve come from, or what you have achieved, a good mentor is an invaluable asset.”

Sir Richard Branson | *Founder and CEO of Virgin Group*

WHAT'S GOING ON?

We always look to provide you with new channels for self-development, learning, and giving back. That’s why we are choosing to run an internal mentoring program. Employees can elect to be a mentor, mentee, or both - and then connect with other employees into valuable mentorships, resulting in improved individual and business outcomes.

HOW DOES IT WORK?

To facilitate the mentoring program, we have partnered with Mentorloop - a cloud-based mentoring platform that allows you to conduct your entire mentoring relationship online including: setting up your profile; matching with your mentee or mentor; live chat; setting tasks, events, and goals; and online support.

WHAT DO YOU HAVE TO DO..
